The supply plan for farm equipment and machines was exceeded by 2 percent, and by 5 percent in the supply of artificial fertilizer.

The State Farms achieved the plan in area sown 101 percent, in horse breeding 105 percent, in cattle breeding 142 percent, and in hog breeding 131 percent.

The State Forests achieved the afforestation and timber-cutting plan 106 percent.

As of the end of October, the standard-gauge railroads achieved 114 percent of the plan in passenger traffic and 102 percent in freight traffic. The number of locomotives and freight cars reached 102 percent of the plan and passenger cars 106 percent.

The State Motor Transport achieved the Three-Year Plan 120 percent in freight carried and 117 percent in passengers carried.

Transshipments in maritime ports did not achieve the goal foreseen in the Three-Year-Plan.

The Three-Year Plan for per-capita postal transactions was achieved 104 percent.

In the basic branches of the national economy, the Three-Year Plan for Economic Reconstruction was achieved 2 months ahead of schedule. For the balance of the year, production will be in excess of the Three-Year Plan. Workers in all branches of the national economy are striving to complete the yearly plan on schedule in order to be in the most advantageous starting position for the achievement of the Six-Year Plan.
